CEEA Energy Industry Award

Deadline: June 15

Value: \$8,500

The CEEA Energy Industry Award was established by the Canadian Energy Executive Association (CEEA), a not-for-profit organization operating in the Canadian energy industry. Through business and social events, and national engagement programs, CEEA works to bring together leaders, Indigenous stakeholders, policymakers, and academia to discuss important topics affecting the Canadian energy industry and its future. This award was established to enable and encourage some of the brightest students to choose a career in the energy industry.

Orvil L. Davie Memorial Fund

Value: \$1000

Deadline: March 15 and November 30

The purpose of the fund is to assist students in completing their education for a career in the heating, ventilation, air conditioning and refrigerating industry (HVACR) and to assist in maintaining a higher caliber of HVACR industry personnel. The fund provides bursaries to persons who require financial assistance in completing training in an accepted course directly related to the HVACR industry. Applicants for the bursaries may come from the community or vocational college systems, or through industry sources such as the provincial apprenticeship programs.

Future Generations Foundation

Applications Open: April 11 and close June 6

The FG Foundation provides financial support through three distinct channels: Organizations, Individuals, and the Continuing Their Journey Program. Our goal is to help First Nations and communities address the impacts of the Indian residential school system. We support initiatives like cultural preservation, education, and healing, with tailored eligibility criteria, grant limits, and timelines to meet the diverse needs of First Nations.

EnergyRates.Ca College Scholarship 2026

Value: \$500

Deadline: January 31, 2026

The energy industry has always lived with one foot in the present and the other in the future. With many major projects—power plants, dams, pipelines—having development times measured in decades, success depends upon anticipating the needs of companies and countries in the years ahead.

We look forward to seeing what the next great minds bring to this ever-transforming industry, and want to do our part in assisting those great minds achieve their goals and dreams. This is why Energy Rates is offering a \$500 scholarship to any student enrolled in an American or Canadian post-secondary educational institution. Whether you need to pay for your classes or textbooks, or just to put food on the table this semester, it's yours to do with as you please. All you have to do to be considered for the scholarship is write an essay, no more than 500 words in length, telling us where you see the future of the energy industry. For more information visit this [link](#).
