

How do I View my Final Grades, Academic Standing, and Advising Comments?

Grades posted on Blackboard are not considered official, and students are always advised to check their official grades on their [Academic Records tile](#) once they [have been released](#) at the end of the semester.

Please note: it is important to check your Advising Comments on the same tile, in case your adviser or program coordinator has left any notes or there has been a change in your program status (for example, you have been placed on [academic probation](#) or have been [academically withdrawn](#)).
