In person at the Test Centre.

You can walk-in during the [Test Centre's hours of operation](#) at King, Newnham, or Seneca@York campus. No appointment needed. The assessment is 1-hour. You will need to bring a physical piece of government issued photo identification and your Seneca login credentials.

Remotely online through Meazure Learning's ProctorU platform

Seneca has partnered with ProctorU, an online proctoring service, to help you complete your Skills Assessment remotely.

To test you will need to have a reliable internet connection, webcam and audio capabilities, a piece of government-issued photo identification (such as a driver's licence, passport, photo card etc.) and you will need to know your Seneca login credentials.

Within your Seneca email account, you will have a Skills Assessment invitation reminder email from noreply@proctoru.com with a ProctorU platform link. If you do not see an email from noreply@proctoru.com, check your junk folder. For more detailed information view [Creating your ProctorU Profile Account](#).

IMPORTANT: After scheduling your ProctorU appointment, prepare for your upcoming Skills Assessment appointment by downloading and installing ProctorU's Guardian Browser, which is required to launch the Skills Assessment. View [Preparing for your ProctorU Skills Assessment Appointment](#) and [Technical Requirements](#) for more detailed information.

Technical Assistance

For technical assistance with the ProctorU platform, view [ProctorU's Troubleshooting solutions and FAQs](#) or [Equipment Requirements guide](#).
