

# CSN - Computer Systems Technician

Version 55

Published 7/16/2022 by **Josh Lee** Last updated 3/21/2024 4:51 PM by **Fortune Kowe**

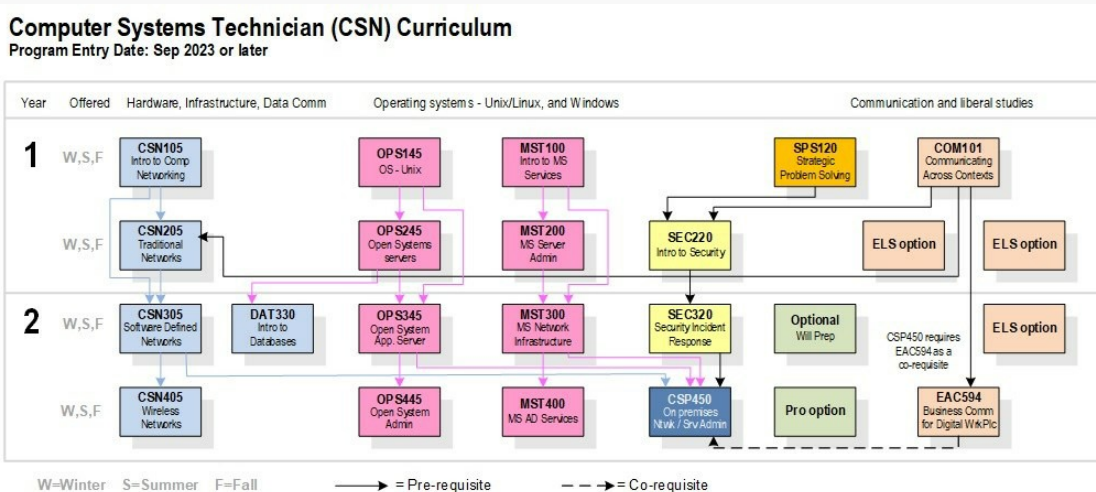

## Program Overview:

This two-year Computer Systems Technician diploma program offers you the skills and knowledge needed to meet the challenges of the ever-changing field of information technology administration. In Seneca's modern labs, you will enhance your abilities by completing practical, hands-on training in networking, operating systems, security, and cloud computing.

Your studies will teach you to design and implement wireless, local/wide area, and software-defined networks; how to work with and configure open source and proprietary operating systems; and how to work on-premises and in the cloud taking you into the future of IT administration.

<b>Program Code:</b>	CSN
<b>Credential Awarded:</b>	Diploma
<b>Campus:</b>	Newnham
<b>Duration:</b>	2 years (4 academic semesters)
<b>Start Dates:</b>	Fall, Winter, and Summer *Start dates are subject to change

## Program Map:

## Program Curriculum and Pre-Requisite Planner

### **Program Learning Outcomes:**

The graduate has reliably demonstrated the ability to:

- Identify, analyze, develop, implement, verify and document the requirements for a computing environment.
- Contribute to the diagnostics, troubleshooting, documenting and monitoring of technical problems using appropriate methodologies and tools.
- Implement and maintain secure computing environments.
- Implement robust computing system solutions through validation testing that aligns with industry best practices.
- Communicate and collaborate with team members and stakeholders to ensure effective working relationships.
- Select and apply strategies for personal and professional development to enhance work performance.
- Apply project management principles and tools when working on projects within a computing environment.
- Adhere to ethical, legal, and regulatory requirements and/or principles in the development and management of computing solutions and systems.
- Assist with the implementation of computer systems and cloud solutions.
- Install, configure, troubleshoot, maintain, upgrade and decommission computing system infrastructures.
- Automate routine tasks using scripting tools and programming languages.
- Install and monitor a database management system in response to specified requirements.
- Provide technical support for computing system infrastructures that aligns with industry best practice.

### **Potential Career Pathways:**

When you graduate from this program, computer systems offers multiple streams of career opportunities for our graduates, such as:

- Technical Support Specialist
- Network Administrator
- Local-area Network/Personal Computer Technician
- Computer Network Technician
- Help Desk Support

### **Optional Co-op:**

Students meeting all academic requirements may have the opportunity to complete an optional co-op work term(s) in a formal work environment. The work term(s) is similar in length to an academic semester and typically involves full-time work hours that may be paid or unpaid. In programs with limited co-op opportunities, additional academic requirements and a passing grade on a communication assessment may be required for eligibility. Eligibility for participation does not guarantee a work position will be secured. Additional fees are required for those participating in the optional work term stream regardless of success in securing a work position.

- Successful completion of all first and second-semester required courses (including COM101/COM111 and Liberals/General Education) in the semester you apply for WIL as stated in the most current full-time course calendar.
- Currently be enrolled in a minimum of four courses
- A minimum semester GPA of 3.0 (five or more courses) in the application semester
- A minimum semester GPA of 3.2 (four courses) in the application semester
- A minimum overall GPA of 3.0
- Once admitted into the WIL stream, students are required to take at least four courses in their subsequent academic semesters and maintain a minimum cumulative GPA of 3.0

*When to apply?*

Semester 2 (Winter, Summer, Fall)

*For more information regarding your optional WIL term, please contact your respective **Student Adviser**.*

**NOTE: Once you have completed two co-op placements, you cannot graduate from the**

**CSN program or transfer back into the CSN program. You must remain in the CTY program to graduate.**

### **Admissions Requirements for Future Students/Students Graduating Secondary School:**

- Ontario Secondary School Diploma (OSSD), or equivalent, or a **mature applicant**
- English: Grade 12 C or U, or equivalent course
- Mathematics: Grade 12 C or U, or Grade 11 U or M, or equivalent course

Canadian citizens and permanent residents may satisfy the English and/or mathematics requirements for this program through successful **Seneca pre-admission testing**.

**Recommended upgrading for applicants who do not meet academic subject requirements.**

### **Transfer Pathway into IFS: Honours Bachelor of Technology - Informatics & Security**
