

How do I take a break from my program?

Published 7/22/2022 by [Mark Schranz](#)

Students who wish to request a break from their programs can do so by sending a Leave of Absence form to their student adviser.

For details on the process, please see the written instructions [here](#).

International students should first familiarize themselves with the regulations surrounding [scheduled and unscheduled breaks](#) and any potential impacts on their study permit/VISA, eligibility to work in Canada, and Post-Graduation Work Permit.
