

Seneca Medical Centre

Version 2

Published 10/13/2022 by [Dylan Manley](#) Last updated 10/14/2022 3:27 PM by [Dylan Manley](#)

Being healthy and taking care of yourself are two principles every student should follow. It's important to take quality care of your body, mentality, and emotions. The Seneca Medical Centre is here to provide support and extra attention when needed. Feel free to use their services within Room G2652 at the Newnham campus. Their services are open to all students.

Please note: the clinic will not be offering walk-in services on campus currently.
