

Wolf

Version 2

Published 10/14/2022 by **Stephanie Conte** Last updated 10/26/2022 6:20 PM by **Stephanie Conte**

The wolf teaches us how to manage our community affairs with humility by working together and coexisting harmoniously. When we follow in the footsteps of the wolf's, we learn the delicate act of balancing our community's needs with our own and how to manage self-sacrifice in order to work as a team.

We decided to depict wolf alongside program scenarios from healthcare administration, recreation, wellness, social services and community programs, as we felt these programs best depicted their teachings.

School of Community Services

- Social Service Worker diploma program
