

# Beaver

Version 2

Published 10/14/2022 by **Stephanie Conte** Last updated 10/26/2022 6:26 PM by **Stephanie Conte**

The beaver teaches us about knowledge and the importance of understanding when to rely on our strengths. Beaver shows us that when you understand the relationship between your natural gifts as an individual and their impacts on your community, we can all be uplifted to live together harmoniously.

We depicted Beaver alongside manufacturing and engineering programs to showcase the skill and ingenuity of their teaching.

## **School of Biological Sciences & Applied Chemistry**

- Chemical Engineering Technology advanced diploma

## **School of Electronics & Mechanical Engineering Technology**

- Mechanical Engineering Technician (Tool Design) diploma program
- Mechanical Engineering Technology – Industrial Design advanced diploma program
- Mechanical Technician – CNC Programming diploma program
- Mechanical Techniques (Tool & Die/Mould Making) certificate program
- Underwater Skills certificate program
- Building Systems Engineering Technician diploma program
- Mechanical Engineering Technology – Building Sciences advanced diploma program
- Electromechanical Engineering Technology – Automation advanced diploma program
- Electronics Engineering Technician diploma program
- Electronics Engineering Technology advanced diploma program

## **School of Environmental & Civil Engineering Technology**

- Civil Engineering Technician diploma certificate program

- Civil Engineering Technology advanced diploma program
- Civil Engineering Technology (For Applicants Currently Attending York University) advanced diploma program
- Project Management – Environmental graduate certificate program
