

Welcome to ITAS

Version 1

Published 10/14/2022 by **Dylan Manley** Last updated 10/14/2022 5:50 PM by **Dylan Manley**

Welcome to the ITAS employee portal and faculty! In our digital-driven world, professionals in information technology (IT) are essential to every business. The School of Information Technology Administration and Security prepares students to specialize in IT infrastructures, project management, and IT security so that those students can provide vital support to future organizations. Academic programs are taught by Seneca's expert faculty in cutting-edge labs, and the school's industry partnerships keep the curriculum aligned with the sector's most in-demand skills.
