Who We Are As An Institution:

Seneca is a leading post-secondary educational institution with a reputation for offering high-quality programs at the baccalaureate, diploma, certificate, and post-graduate levels.

Seneca has a proud history, and we are building an even more exciting future. Anchored in Canada's largest city and economic engine, we are also active in meeting the demand for post-secondary education in one of the fastest-growing regions of Ontario.

Our students, faculty, staff, and alumni share a passion for our school. Hardworking, ambitious, and compassionate: that approach, that culture, is what Seneca is all about. We also constantly look for ways to improve and innovate.

Our Values:

Excellence:

While we will always be flexible in our approach, we never compromise on quality, standards and results.

Innovation:

From the day our first students walked through our doors in 1967, we understood that the world is in constant evolution. We are always improving, innovating and looking ahead.

Community:

We build bridges and networks within our college, to our community and across the world. And we give back, building and strengthening the communities where we live and work.

Diversity:

Seneca celebrates its extraordinary diversity as an enriching strength and a competitive advantage in today's global economy
