

# Recent Research Projects Conducted

Version 4

Published 10/27/2022 by [Dylan Manley](#) Last updated 2/2/2024 8:23 PM by [Bruna Aparecida Alves de Lima](#)

---

This list is a compiled list of research projects conducted by the applied research team within Software and Data Sciences. These projects are dated by year, and utilize many co-op students to have an opportunity to engage within medium-large scale projects across the college. Many of these research projects consistently look for new students to be apart of the project team in completing them. *For more information, please visit: [Research Project - Work With Us](#)*
