Field placement in the ECE program is considered work experience. In addition to your Study Permit, you will need to have a Co-op Work Permit in order to start field placement. Please apply for your Co-op Work Permit when you apply for your Study Permit. Please read the guide below carefully.

[Visa and Permits | I am an international student | Seneca Students \(senecapolytechnic.ca\)](#)

Vulnerable Sector Screening Police Check:

International students must apply for a Vulnerable Sector Screening Police Check as soon as you arrive in Canada. In Toronto, you may apply for an expedited service where you can receive your police check within three business days. Please use the [application form](#) provided online and read the instructions carefully. Please provide identification and proof of Canadian address.

Medical:

If your country does not administer some of the required immunizations, you must complete them once you arrive in Canada. Please visit [Seneca International Health Services](#) for further support. You may also use Morcare www.morcare.ca that will guide you to finding a clinic that direct bills. You may search for a health care provider by [map](#). Please review the [FAQ - Frequently Asked Questions](#) for further details. MorCare representative is available on campus, in person to answer your inquiries in [Seneca Student Hub](#).

Seneca International Services:
