

New sustainability policy

Published 1/10/2023 by [Stephanie Conte](#)

Seneca is excited to share its new [sustainability policy](#) which is supported by the objectives within the [Sustainability Plan](#). The policy demonstrates Seneca's commitment to social, economic, and environmental health, and aims to establish sustainability as an essential consideration in the planning, design and delivery of Seneca's academic programs, services and operations.

All are encouraged to use this policy as a reference when working with academic and service areas and external partners to align with sustainability guidelines.

If you have any questions related to the policy, please email sustainability@senecacollege.ca.
