Audio Visual Services

Version 2

Published 9/24/2021 by Jennifer Kim   Last updated 11/10/2023 3:21 PM by Truc Chau

Audio Visual Services support the use of instructional and presentation technologies at the Seneca Polytechnic. Our goal is always to improve and upgrade to new technology, such as: Lecture Capture, Active Learning Classrooms and presentation equipment.

Available services are:

- Provide for Seneca Polytechnic events by supplying projectors, public address systems, webcasting, as well as mixing audio and recording and broadcasting live events
- Provide media equipment, conferencing solutions and technical support for academic programs, non-academic areas and public lectures
- Procure, maintain and distribute an inventory of instructional technology production and presentation equipment
- Design audio visual systems for integration across campus
- Work in collaboration with other departments to identify and facilitate the use of emerging media technologies in academic programs

For any audio visual issue or to report a problem, please contact us by email.
